

GARBÍ

design David Dolcini 2016

**LUCE
PLAN**

Type: Wall
Light source: LED 34W 2700K
dimmable trailing edge
220-240V~ 50/60Hz
EEL: A

Product use: Indoor

Materials: Die-cast and deep-drawn aluminium

Colors: Chrome / White
Textured white

Description: Garbí is a wall lamp, a single solid volume made of soft, regular surfaces that meet to create precise edges. The indirect light from the LED source combined with that of the space enhance its solid image, gently shaped surfaces and angles, for a striking graphic effect.

Insulation class:   

Reference code: **D90**
1D90NAW00002 Textured white
1D90NAW00018 Metal/ White

(*) The LED module cannot be replaced

Recommended TRIAC Dimmers at AC 220-240V~ 50/60Hz
